To Whom It May Concern:

Structured Cabling Solutions has been retained by the Cleveland Clinic Florida, Weston Clinic project as the low voltage tel/data cabling contractor. All the personnel of Structured Cabling Solutions have been extremely responsive to the needs of the Cleveland Clinic.

The quality of workmanship has been well above average.

It has been a pleasure to work with Structured Cabling Solutions Field Operations Manager and site supervisor.

I would recommend Structured Cabling Solutions to perform work for the Cleveland Clinic Florida on another project.

Very Truly Yours
