Letter of Recommendation

To Whom It May Concern:

Javier A. Romero has been the on the site supervisor for Structured Cabling Solutions. He has been overseeing the installation of all tela./data low voltage communications cabling for the Cleveland Clinic Florida, Weston Clinic project.

The quality of installation has been above average. Javier has responded to every request, and solved every problem in a very professional manner.

I would recommend Javier as a supervisor on any future Cleveland Clinic Projects.

Very Truly Yours:
