To Whom It May Concern:

We have worked with Structured Cabling Solutions on several projects over the years – including Parkway Middle School and Port Everglades. They are an important partner in our line of work. We have found the entire SCS team to be technically competent, enthusiastic, professional and easy to work with. They have the ability to clearly understand our business requirements and also those of our customers. We would highly recommend them to anyone looking for a professional structured cabling installation.

Sincerely,

A handwritten signature in black ink, appearing to read 'Fernando Munilla', written over a vertical line that extends from the signature down to the printed name below.

Fernando Munilla
